Stay Safe During Winter Weather

Stay home, unless you must travel.

If you must go outside to work or play in the snow, wear layers of warm clothing.

Come inside often to get warm.
Change wet clothes.

If you start to shiver or feel tired,
go inside right away.

If your fingers, toes, ears or nose start
to feel numb, go inside right away.

Sidewalks and streets can be icy and
slippery! Walk carefully outdoors.
